RE: **A MESSAGE FROM JARED AND 30SECONDDSTOMARS**

ECHELON,

I write this letter to the believers.

To the ones who understand.

A few days ago we were awoken to some incredible news.

It is news many of you already know about.

Our short film for 'THE KILL' has been nominated for an MTV award for **BEST ROCK VIDEO OF THE YEAR!!!!**

This is such an amazing acknowledgement of ALL of our hard work, especially the ECHELON, and we are very honored to be included. It is a strong statement of the success of all of your incredible passion, commitment and belief.

You should all be so very very proud.

To be included in this pantheon of such respected and familiar artists is a sign that we have started to break through the restraints and barriers that so many have tried so badly to keep us in for so many years now.

To finally have some understanding and acceptance of who and what we are is a testament to the power of the belief of a few and the impact that can have on the multitudes.

This is an opportunity.

An opportunity for us all.

A chance to once again make the impossible possible.

We may not be the most popular band amongst the illustrious group of nominees and we may not have sold as many albums as our respected peers in this category of "Best Rock Video".....but I know one thing for certain...

I LOVE A GOOD FIGHT.

And I know you do too.

This is a battle we can win.

I have said it before and I will say it again....

We may not be the biggest band in the world....
But we have the strongest and most dedicated fans and family in the entire universe.

Other bands are voting relentlessly already and have employed tricks and schemes using teams of professionals and quite possibly the power of black magic..... Some may think they have not a worry in the world, some may even think they have already won, but...

I have news for them.

They will soon feel the heat of the ECHELON on their backs and eventually they be watching us disappearing into the distance from afar....

Unity divides.

Division will unite.

[Spread the word, **VOTE**](#) until your fingers bleed and let's celebrate together.

PROVEHITO IN ALTUM

-JARED LETO
